# BARBECUE®

**B**uster's Barbecue® is a family owned and operated place. We go to great length and expense to bring you real Texas Barbecue cooked over real wood, not the kind you pour out of a bottle. We're stokin' up the Barbecue pit long before your day starts. Our 12 hour cooking process is done over a low smoke-filled fire because it's the only way to ensure you a rich tender variety of meats.

A Texas pride is carried over in all that is served, for we fix it up right. The time spent and special care taken in all we offer can rightly be proclaimed Barbecue's finest. We believe nowhere in the Northwest can you find better Barbecue than at Buster's. So whether you are steppin' out for lunch, dinner, or just a change of pace, head on over to one of our restaurants today.
